Product highlights

Flexible PVC Jacket
Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Rubber strain relief
Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.

Braided shielding
Copper braided reinforced aluminum shielding protects against signal loss and interference.

Plug and play
Plug and play offers easy installation of components without time-consuming installations.

Metal shell
The metal shell protects the internal connection of the cable. It ensures durability and the reliability of your connection.

24 carat gold-plated connector
24 carat gold-plated connectors ensure the best signal quality for your components.

High purity copper
This copper conductor provides high accuracy in signal transfer with minimal resistance.
